Product Description

Best Selling Enook 26650 Cell Li Ion 5500mAh 65A High Drain 3.7V Rechargeable Battery Flat Top Battery

Product Description:

Product Overview of Enook 26650 Battery

The Enook 26650 battery is a high drain 3.7V rechargeable battery with a 5500mAh capacity. It offers excellent performance and reliability for any application that requires a 26650 cell. The battery is manufactured by Enook and comes with a red color. With a weight of only 100g, it is lightweight and easy to carry.

This rechargeable battery is suitable for various high-drain applications and provides a long service life. It is an ideal choice for high-drain devices, such as digital cameras, flashlights, and portable electronics.

The Enook 26650 battery is a reliable and safe choice for any user needing a high-quality rechargeable battery. It is easy to use, lightweight, and offers an excellent performance.

Applications:

Enook 26650 Battery is a rechargeable battery with a voltage of 3.7V, a capacity of 5500mAh, a weight of 100g and a size of 65.18mm*26.68mm. It is suitable for a wide range of applications, including but not limited to:

1. Powersports: Enook 26650 Battery provides reliable and consistent power for electric scooters, ATVs, and motorcycles. It is also suitable for power toys, such as RC cars and drones.
2. Portable electronics: Enook 26650 Battery is perfect for powering portable electronics, such as portable speakers, portable radios, and portable medical devices.
3. Industrial and commercial applications: Enook 26650 Battery can provide the power needed for a variety of industrial and commercial applications, such as powering LED lighting systems, surveillance systems, and security systems.
4. Home applications: Enook 26650 Battery is perfect for powering home appliances, such as home security systems, alarm systems, and lighting systems. It is also suitable for powering home entertainment systems, such as TVs and stereos.
5. Outdoor activities: Enook 26650 Battery provides the power needed for outdoor activities, such as camping, hiking, and fishing. It is also suitable for powering portable generators and battery packs.

Packing and Shipping:

Packaging and Shipping for 26650 Battery

26650 batteries should be packed and shipped with proper care, as they are sensitive items. To ensure the safety of the item during transit, the following should be taken into account when packing and shipping:

The battery should be placed in its original packaging or a suitable alternative.

The battery should be packed securely in a sturdy box with plenty of cushioning material, such as bubble wrap, to prevent it from shifting inside the box.

The box should be clearly labeled with the words "Fragile" or "Handle with Care" to ensure it is handled properly.

The package should be shipped with a reputable courier or shipping company that offers tracking services.

By following these guidelines, you can ensure that the 26650 battery is packed and shipped safely and securely.
