#### **Product Description**

3.2V LiFePO4 Battery Capacity Customized 3.9kg

#### **Product Description:**

Lifepo4 Battery is a kind of rechargeable 3.2V lithium ion battery, mainly composed of LiFePO4 material. It is an ideal choice for applications where high energy density and long cycle life are required. With customizble voltage and size, Lifepo4 Battery offers a wide

#### **Applications:**

Enook's 3.2V 320Ah Lithium Battery is the perfect choice for any application requiring a reliable, long-lasting power source. With its custom size, over-charge, over-discharge, over-current, and short-circuit protection, this battery can meet the needs of any application. This 3.2V LiFePO4 Battery is designed to provide a high capacity power source, with excellent safety features, and with a customized capacity and voltage to meet any requirement. It is perfect for a variety of applications, such as medical equipment, power tools, and robotics.

Enook's 3.2V 320Ah Lithium Battery is an ideal choice for any application that requires a reliable, long-lasting power source. With its custom size and protection features, this battery can provide a safe and efficient power source, with a customized capacity and voltage to meet any requirement. It is perfect for a variety of applications, such as medical equipment, power tools, and robotics. Enook's 3.2V 320Ah Lithium Battery is an excellent choice for any application that requires a reliable, long-lasting power source. With its custom size, over-charge, over-clurent, and short-circuit protection, this battery can meet the needs of any application. It is perfect for a variety of applications, such as medical equipment, power tools, ensuring a safe and efficient power source with a customized capacity and voltage to meet any requirement.

#### Support and Services:

**Company Introduction** 

### **Company Introduction**

ShenZhen Enook Technology Co., Ltd company is professional manufacturer and supplier of lithium energy solutions, E-bike battery pack, which focus on manufacturing and designing of lithium cells and battery packs

Quality first is our principle,Satisfying all our customers is our tenet,win-win business is our aim.Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates. MSDS UN38.3 MSDS,ROHS,UL.ect. All our products keep selling wellnot only around China, but also inUSA, Philippines, Germany, England, Australia, Russia, France and other Europen and Asia countries

Fast delivery is one of our advantage,selecting a current products from catalogue,or customized products,3<sup>5</sup>5days is the normal time to prepare for the goods,OEM & ODM orders can be acceptable.

Quality is our life, price is our core competence, please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.

Has passed CE certification and ROSH certification. excellent

#### **Packing and Shipping:**

Packaging and Shipping

Lifepo4 Battery is packaged in a sturdy cardboard box with protective foam inserts. The box is designed to protect the battery during shipping and handling. The box is also designed to be recyclable, and can be used to store the battery when not in use. The battery can be shipped domestically and internationally. Shipping costs and delivery times will vary depending on the destination.
