

China Factory AC 500Wh LiFePo4 Battery Outdoor Camping 500w 1000W Portable Generator Power Station

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

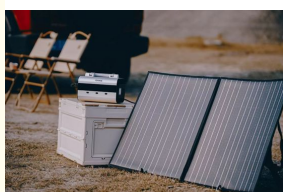

Product Specification

- Product Name: Portable Power Station
- Battery Type: Lithium-ion
- DC Output: USB-C
- Discharge Temperature: -4-113°F/-20-45°C
- Model: LA1000W
- Inverter Type: Pure Sine Wave
- Battery: LiFePO4 Lithium Ion
- Keywords: Outdoor Portable Emergency Power Station
- Highlight: **Outdoor Camping 500Wh LiFePo4 Battery, AC 500Wh LiFePo4 Battery, 1000W Portable Generator Power Station**

Product Description

Product Description:

Our power station is built to withstand tough outdoor conditions, with a working humidity range of 10-90%. It has a compact size of 9.84*5.51*6.69in/ 250*140*170mm, making it easy to carry and store in your backpack or car. Whether you're camping, hiking, or enjoying a day at the beach, our power station is the perfect companion to keep your devices charged and ready to go. One of the special features of our power station is its Type C port, which allows you to charge your USB-C devices with ease. Additionally, it comes equipped with a flashlight, RV port, and cigar lighter, making it a versatile tool for all your outdoor adventures. With its AC adaptor and car port compatibility, you can easily charge your power station while on the go. And when you're out in the wild, simply connect your solar panel to keep your power station charged and ready to use. Don't let a dead battery ruin your outdoor experience. With our high capacity portable solar power station, you can stay connected and powered up no matter where your adventures take you. Order yours today and experience the convenience and reliability of our power station for yourself!

300W PORTABLE POWER STATION

ENOOK®

Features:

1. LiFePO4 lithium battery 2000 cycling times, intelligent BMS system, safe and long service life.
2. Multiple output: AC 110V/220V 300W output; 5V USB-A output; 5V, 9V, 12V USB-C output; 12V cigarette lighter output; 12V DC5521 output; 12V 3W LED lighting.
3. 3 charging ways: AC to DC adaptor charging; PV charging; Car charging.
4. Perfect cooling: In-built intelligent cooling fan and side ventilation hole design.
5. LCD display screen, real time monitoring the working state of the product.
6. Applicable to indoor emergency power supply, outdoor camping, fishing etc. scenarios.
7. Aluminum shell, light and compact, designed with movable handle, easy to carry.
8. CE, FCC, UN38.3+MSDS etc. certificated.

Specification

300W Portable Power Station				
Model		LA300W		
General				
Battery capacity		256WH		
Cell type		LiFePO4		
Dimension(L*W*H)		9.84*5.51*6.69in/250*140*170mm		
Discharge temperature		-4-113°F/-20-45°C		
Working humidity		10-90%		
AC Output				
Rated power		300W		
Waveform		Pure sine wave		
Voltage		110VAC/120VAC		220-240VAC
DC Output				
Cigarette lighter port*1	Voltage	12V		
	Current	5A default; 10A,15A optional		
DC5521*3	Voltage	12VDC		
	Current	5A each,total 10A Max.		
USB-A*2	Voltage	5VDC		
	Current	2.4A		
USB-C*1	Voltage	5V	9V	12V
	Current	3A	2A	1.5A
LED lamp	Voltage	12V		
	Power	3W		
DC Input(Anderson charging port)				
AC adaptor charging	Voltage	14.6V		
	Current	10A		
PV charging	Voltage	14.6V-25V		
	Power	270W max		

Features:

Product Name: Outdoor Portable Emergency Power Station

Special Features:

Type C

Flashlight

RV Port

Cigar Lighter

Inverter Type: Pure Sine Wave

Product Size: 9.84*5.51*6.69in/ 250*140*170mm
Battery: LiFePO4 Lithium Ion
Battery Type: Lithium-ion

Technical Parameters:

Product Name:	Portable Power Station
Model:	LA1000W
Product Size:	9.84*5.51*6.69in/ 250*140*170mm
Working Humidity:	10-90%
Battery:	LiFePO4 Lithium Ion
DC Output:	USB-C
Discharge Temperature:	-4-113°F/-20-45°C
Special Features:	Type C, Flashlight, RV Port, Cigar Lighter
Power Source:	AC Adaptor, Solar Panel, Other
Voltage:	AC110~220V
Additional Features:	Fast Charging LiFePO4 Battery, Pure Sine Wave

1	Mainswitch	7	Cigarettdighteroutputport
2	AC switch	8	Andersonchargingport
3	LED lightswitch	9	DC5521outputport
4	LCD screen	10	LEDlight
5	USB-C outputport	11	AC outputport
6	USB-A outputport		

Applications:

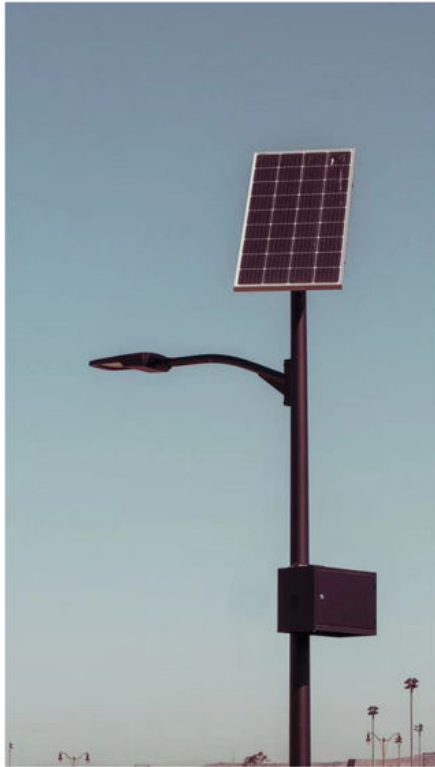

The enook Portable Power Station is a reliable power source that has a Model Number of LA1000W and Certification of CE ROHS FCC UN38 .3 MSDS. This product has a minimum order quantity of 4 and can work in a humidity range of 10-90%. It can operate in temperatures ranging from -4-113°F/-20-45°C without any issues.

One of the special features of the enook Portable Power Station is the Type C port, which allows users to charge their devices quickly. The Flashlight feature is also essential for outdoor activities in the dark. The RV Port and Cigar Lighter are also unique features that make this power station ideal for outdoor enthusiasts who need a reliable power source.

Whether you are camping in the mountains or fishing on the lake, the enook Portable Power Station is the perfect companion. This product can power various devices and appliances, including smartphones, laptops, CPAP machines, mini-fridges, and TVs. With its high capacity, this power station can provide power for an extended period, which is perfect for outdoor emergency situations.

In conclusion, the enook Portable Power Station is an Outdoor Portable Emergency Power Station that is perfect for outdoor enthusiasts. With its high capacity, unique features, and reliable performance, this product is an excellent investment. Whether you are an avid camper or an outdoor enthusiast, this power station can provide the power you need to stay connected and enjoy your outdoor activities.

Applications

Solar street lamp

RV energy storage

Emergency rescue

Backup power for outdoor camping

Support and Services:

Our Portable Power Stations are designed to provide reliable and convenient power solutions for various outdoor and indoor activities. In case you encounter any technical issues or have questions about the product, our technical support team is available to assist you. Our services include:

[Troubleshooting and diagnosis of technical issues](#)

[Product repair and maintenance](#)

[Replacement of defective parts](#)

[Product warranty and support](#)

We are committed to providing excellent customer service and ensuring that our customers have a positive experience with our Portable Power Stations. Please do not hesitate to contact us for technical support or any questions you may have about the product.

Packing and Shipping:

Product Packaging:

The portable power station will be securely packaged in a sturdy cardboard box with foam inserts to prevent any damage during shipping. The box will be labeled with the product name and SKU for easy identification.

Shipping:

We offer free standard shipping to all destinations within the United States. Orders will be processed within 1-2 business days and shipped via UPS or FedEx. Customers can also choose expedited shipping for an additional fee. International shipping is available for an extra charge and shipping times may vary depending on the destination country.
